The primary cause for the numerical explosion of the first century church was its commitment to the principle of \_\_\_\_\_

---

The goal of \_\_\_\_\_ isn't simply to \_\_\_\_\_, but to \_\_\_\_\_.

Those who can successfully \_\_\_\_\_ gain the ability to influence others beyond their own \_\_\_\_\_ and \_\_\_\_\_.

In order to \_\_\_\_\_ you must first become one—we don't reproduce \_\_\_\_\_ we \_\_\_\_\_, we reproduce \_\_\_\_\_ we \_\_\_\_\_!

Barnabas modeled perfectly the qualities which are required for success in \_\_\_\_\_. He demonstrated:

A commitment to continual \_\_\_\_\_ (you must be a lifetime \_\_\_\_\_).

\_\_\_\_\_ (you must be \_\_\_\_\_).

A \_\_\_\_\_ and \_\_\_\_\_ heart (you must choose the \_\_\_\_\_ people).

A persistent commitment to building and maintaining strong \_\_\_\_\_ (you must be a quality \_\_\_\_\_ and \_\_\_\_\_).

A relentlessly positive \_\_\_\_\_ (you must be an \_\_\_\_\_).

---

**Conclusion:**

There is no better way to invest your life than patiently pouring yourself into people!
